

**AGENDA**

# Robotics Days powered by Stäubli

**October 27<sup>th</sup> - 9:30 - 17:00**

**October 28<sup>th</sup> - 9:30 - 17:00**

**Wednesday 27/10**

9:30 - 10:30	Welcome & exhibition
10:30 - 11:00	<b>How technology integration is changing the future of product automation</b> Bram de Vrugt, Business Manager at QING
11:00 - 11:30	Exhibition
11:30 - 12:00	<b>The growing importance of robotics and automation in pharma: validation challenges</b> Jens Vandormael, Pharmaceutical consultant at QbD
12:00 - 13:00	Lunch
13:00 - 13:30	<b>Stäubli software solutions</b> Laurent Mattheys, Robotics Division Manager at Stäubli Benelux
13:30 - 14:00	Exhibition
14:00 - 14:30	<b>Life Science applications #equippedbySCHUNK</b> Mike Mayer, Global Key Account Manager & Segment Manager Life Science at SCHUNK
14:30 - 17:00	Exhibition

**Thursday 28/10**

9:30 - 10:30	Welcome & exhibition
10:30 - 11:00	<b>Robots in the food industry: challenges with respect to hygiene and cleaning/disinfection</b> Frank Moerman, Consultant Hygienic Design of food processing equipment, food factories and utilities & cleaning at EHEDG
11:00 - 11:30	Exhibition
11:30 - 12:00	<b>Robotics research for applications in challenging environments</b> Karel Kellens and Eric Demeester, Professor and Associate Professor at KU LEUVEN
12:00 - 13:00	Lunch
13:00 - 13:30	<b>How technology integration is changing the future of product automation</b> Bram de Vrugt, Business Manager at QING
13:30 - 14:00	Exhibition
14:00 - 14:30	<b>Stäubli robotic applications with TwinCAT</b> Koen Kerkhofs, Support Engineer at BECKHOFF
14:30 - 17:00	Exhibition
